

JORDI ALBARRÁN

REHAB AND PREVENTION COACH

ABOUT ME

I am a 27 years old Spanish physiotherapist, organized, enthusiastic with my work, responsible and committed. I enjoy teamwork and I try to bring creativity, humour and empathy to every situation. I am constantly training and learning new things. My life is sports orientated in every way and I really appreciate all the experiences that this has gave me. I consider myself a physiotherapist with great communication skills and specialized in injury prevention. Moreover, I have been abroad several times and I have a good level of English (B2+). Despite all this, I think there is always room for improvement and I can't wait to see what the future holds for me. I am sure I can add value to your organization if you give me the chance to do so.
